

MY ROCK AND

MY FORTRESS

To Whom It May Concern:

Melissa Bruce very successfully ran a five week public speaking course for our Year 10 Leadership elective class this year.

The course covered all aspects of public speaking, from planning the speech, posture, breathing, presentation skills, body language and impromptus.

The students fully engaged with Melissa, who related very well to them and provided them with much encouragement and positive feedback.

Melissa also did two sessions with our two school captains who found it very beneficial.

I look forward to Melissa working with our students again in 2013 and would highly recommend her to work with young adults and adults.

Yours sincerely

Wendy Barel
College Principal
Head of Senior School
